# MIFI Device

## QUICK GUIDE

### STEP 1

#### HOW TO TURN ON THE MIFI DEVICE?

- To turn on - hold down the power button  located on the top left hand side, and wait approximately fifteen (15) seconds
- Two (2) green indicator lights (network and battery) will then appear at the front of the device
- To turn off - hold down the power button  for approximately two (2) seconds

### STEP 2

#### CONNECTING TO THE MIFI DEVICE: LAPTOP, SMARTPHONE OR TABLET

- Both the WiFi Network Name (SSID) and the Password (Key) are labelled at the back of the MIFI device
- From a laptop, smartphone or tablet search for the WiFi Network Name (SSID)
- Type in the Password (Key) and then connect

### STEP 3

#### CHARGING THE MIFI DEVICE

- To charge - plug in via the USB micro port, located at the bottom of the device. The other end should be plugged into a standard USB port or a charger
- When the battery indicator light turns amber, the MIFI device should be charged immediately
